Administration Details

State Continuation Options Available

We offer state continuation administration for **Wisconsin** and **Minnesota** requirements to employers who also offer federal COBRA *and* those who only offer state continuation. We offer state continuation administration for **Texas**, **New York**, and **Connecticut** requirements to employers who also offer federal COBRA.

Checks and Balances

We utilize checks and balances to make sure no detail is untouched and there are no surprises. Our audit processes ensure each client's COBRA administration is running smoothly. If we find anything amiss, we let you know and provide you with information and context so you can avoid the same issue in the future.

Unmatched COBRA Reporting

Our COBRASecure reporting provides easy access to COBRA activity and information needed for federal reporting. Our reports go above and beyond what many other administrators offer, providing an ACA report, Continuant 5500 report, Qualified Beneficiary Enrollment Status report, Summary of COBRA Rates report, and Remittance report. COBRA clients log into their online account to run the reports when they need them.
