Spending Your Commuter Benefit Funds

Use Your Benefits Card

Use your card online or in person!

The Benefits Card lets you pay for parking and/or transit expenses directly from your commuter benefits account. Simply swipe the card, use it to pay online, set up the card in the app you use to pay for eligible commuter expenses, or add it to your digital wallet and use it when contactless payments are required.

Notes:

- You do not need to call to activate your card—it will work as soon as you use it.
- Digital wallet capabilities are only available to primary cardholders

How do I get it?

The card is mailed to you when you set up your first contribution. You'll receive an email when it's on the way.

Save your Benefits Card!

You can use it again for the next plan year. We automatically send you a new one before it expires.

What transit expenses are eligible?

You can use your transit account to pay for commute expenses to and from your regular workplace. Eligible transit expenses include passes, tokens, fare cards, vouchers, or similar items for:

- Mass transit (such as train, bus, subway or ferry)
- Commuter highway vehicle (such as vanpools)

What parking expenses are eligible?

You can use your parking account to pay for the following types of parking:

- At or near your regular place of employment
- At a location from which you commute to work by carpool, commuter highway vehicle, or mass transit

Could my transaction be declined?

Your card may be declined if you attempt to use your card for an expense that exceeds your available balance. If this happens you may request that your merchant enter only the amount of your available balance and then pay for the remainder of the expense using another payment method.
